MEMORANDUM FOR: Deputy Director for Plans
THROUGH : Deputy Director for Support
SUBJECT : Signal Center Support for Presidential Visits

Attached is a paper which outlines some of the problems which the Headquarters Signal Center has experienced in providing support for Presidential visits. The paper recommends procedures to be used in the future. It is realized that each Presidential trip creates different problems, however, it should be helpful to start with some general ground rules and procedures. As in the past, my staff will be available to assist in any way possible.
